NON-VOCATIONAL COURSES AT MCC
Official Listing
Office of Vice President of Academic Affairs
02/23/10

Includes current catalog year plus preceding four years. Catalog years included would be updated with the release of the new catalog. Updates will be posted each year prior to Fall registration on: www.mccneb.edu/sos/

According to the American Association of Community College’s (AACC) standards, every degree that has an AA or AS designation is regarded as “non-vocational”. In almost every case, the degrees listed below are designed as transfer courses. There may be exceptions to this rule based on some historical or cultural factors here at Metro. For example, the ASNAS degree at Metro is clearly a vocational degree and would constitute an exception to AACC standards.

A non-vocational degree that does not follow AACC standards will be denoted on the table below with an *.

Catalog Year 10-11	Catalog Year 09-10	Catalog Year 08-09	Catalog Year 07-08	Catalog Year 06-07
