

College TEENS

Registering

Call MCC's Registration at (402) 457-5231 or (800) 228-9553.

Returning students: call Judy at (402)457-2516 to get ID number for [online registration](#).

Registration begins April 1, 2011.

Registration ends the Wednesday before each new session begins. Walk-in registration is sometimes available; however, some classes may already be filled.

Do not be a no-show. If you register and cannot attend, call (402) 457-5231 to drop before the first day of class.

COURSE DESCRIPTIONS

KIDS 500N Photoshop Fun

Put yourself in a photo of your favorite movie or TV celebrity or *American Idol* star. Create a 2-D animation that you can view on the web. Sound like fun? Learn to scan photos and some basic repair techniques for your digital or traditional photos with the photo editing software professionals use, Adobe Photoshop. The class will be taught on Macintosh computers.

KIDS 514N Classy Calligraphy

Want to take your lettering to a higher level? Learn the Italic alphabet using a broad-edged pen. Afterwards, put your new skills to use making projects to keep or give away.

KIDS 516N Web Page Game Design

Create a *Jeopardy*-style, web-based game that you will bring home on a CD to play with your family and friends. Develop the categories and questions for your own game. Design the categories that interest you such as sports, cartoons, fashion or history. Using web-based resources, create amazing titles, logos and graphics. While having a great time, learn the valuable basics of HTML and web page design.

KIDS 519N Design Challenge: Your Dream Room Make-over

What would your dream room look like? Create your space like a real designer by deciding what you should keep or pitch first. Next, draw a floor plan; select colors, furnishings and fabrics; and design a window treatment. Learn how to measure and order these items and then create a presentation board of your dream space.

KIDS 521N Photoshop Basics and Animation

Learn the basics of Photoshop. Combine several pictures together to create a fictional picture: you standing with SpongeBob in front of the Eiffel Tower....riding an eagle over the New York City skyline... your imagination can make it happen. Then come up with an award-winning animation idea and make it happen. Add voiceovers and sound effects and create a DVD to share with your friends and family.

KIDS 523N Golf – Give it a Try

This beginner's class will cover golf basics including grip, stance, swing and proper club selection. Learn golf etiquette, basic rules and course strategies. Bring a basic set of clubs if you have them. A limited number of sets will be available to borrow for class. Practice the first three days of class and play a round of golf on Thursday. Practice balls and the cost of a round of golf are included in the tuition. *The class is limited to eight students.*

KIDS 524N Act Your Heart Out!

Get your feet wet with a taste of theatre! Explore the basics of acting through improvisation, playwriting and scene study. Create characters with costumes and props. This is a fun class to explore your acting talents. Family will be invited on Friday for a performance.

KIDS 525N Drawing with Realism

Join us for a very unique art class. Learn the layering and blending techniques that will make your pencil drawing look real. Explore the techniques of Renaissance artists like Leonardo da Vinci. A drawing project will be completed each day. Supplies are included in the tuition.

KIDS 526N History Detectives

Explore controversial topics of the past and present. Is there more to the 9/11 attack? Who shot JFK? Is there evidence of UFOs or aliens? Are there secret societies? Investigate these and many other conspiracy theories. Join us as we uncover the clues and determine fact from fiction.
