

### **50305 Delinquent Accounts and Insufficient Funds**

Students must complete all financial obligations to the College in order to qualify for continued enrollment. If financial obligations to the College and the College bookstores are not fully satisfied then:

- (1) Registration for a succeeding quarter may not be allowed.
- (2) Transcripts may not be issued.
- (3) The student may not be permitted to graduate.
- (4) The student, if currently enrolled, may be disenrolled.

The imposition of any or all of the foregoing sanctions shall not relieve the student of his/her financial obligation to the College. The foregoing sanctions shall not be applicable if the financial obligation to the College has been discharged by bankruptcy.

In all cases of disenrollment for failure to meet financial obligations, the student may prevent disenrollment by satisfying the obligation owed.

(Amended 6/23/84; 5/26/15)
