Note: One of the biggest differences you will notice is there is no “Submit” button. Grades are saved and submitted as you move from record to record.

If you leave the page or exit Self Service, grades you entered before leaving will automatically be saved. The one exception is if the grade you entered is an “F” or “I” and you do not enter a date in the Last Date of Attendance box. The system will clear out the grade when you leave the page. **If you want to assign a grade of “F” or “I” you must enter a date in the last date attended.**

If you leave the page or exit Self Service before you finish entering in all the grades, you will be able to come back later and continue where you left off. The grade you entered before leaving will automatically be saved.

You can modify a grade ONLY if it has not been verified. **Once a grade has been verified, you will not be able to edit/modify it in Self Service.** Grades are verified after midnight, so if you need to make a grade change due to an error, you must submit a grade change form.
