1c—Pledge of Allegiance

Monahan led the Pledge of Allegiance.

Agenda Item 2—Public Comments

There were no public comments.

Agenda Item 3—Award Presentation

Agenda Item 3a—Presentation of TEAM Awards

Monahan noted that TEAM Awards recognize a group of employees who have worked together on a unique task, activity, or project that impacts the overall mission of the College. Nominations are made by MCC staff; the President’s Cabinet reviews all nominations and selects the winners. A video featuring three TEAM awards was shown. The 2021 TEAM Awards were as follows:

1. IT Virtual Workspace Team – in March of 2020, MCC administration made the decision to move all instruction from on-campus to full virtual instruction. This Team responded by quickly coordinating IT hardware, software, and audio-visual requirements to move over 350 systems to a virtual work-from-home environment in an incredibly quick five days. The Team worked with multiple departments and established a student laptop loaner program and internet hotspots for over 1,000 students in need, as well as prepared tutorials and resources for the MCC website.

   Team members are: Steve Boutin, Chad Bullis, Dan Brickman, Seth Curtis, Jared Dressman, Tom Galus, Craig LaFarr, Sharyn Leigh, Lonnie Lentsch, Adrian Lewandowski, Chad Lynch, Greg Nelson, Sherry Packett, and Denise Starr.

   Monahan thanked the team for their dedication and amazing amount of work so that MCC could continue the mission to deliver relevant education.
2. Do School Team – In response to the pandemic, Continuing Education re-purposed its North Express and Do Space Learning Center into Community Learning Hubs with safe, sanitary space for over 50 community K-12 students. This service was provided tuition-free for families who lacked resources, such as connectivity or quiet environments. The video featured two principals who shared how this space made a difference for their students and thanked MCC for stepping up.

Team Members are: Jeff Brown, Daphne Cook, Leena Datuin, Gary Girard, Stacey Ocander, Raymone Sazone, and Beth Shepherd.

Monahan thanked this team by noting MCC has community as their middle name and this effort showed how MCC embraces community.

3. COVID-19 Response Team – this team dedicated themselves to making sure MCC campuses were safe for everyone. They spent endless hours marking over 617 separate areas of the College for social distancing. They purchased and delivered cleaning products, snacks, and water for check-in situations and other areas, all while maintaining their full-time duties.

Team Members are: Jacqueline Armstrong, John Denne, David Golda, George Katusin, Fred McMains, Stacy Ocander, and Alan Shirk.

Monahan stated that this team was responsible for making the difference by keeping staff and faculty safe throughout MCC. She referenced her experience in taping off the space in the Mule Barn for Board meetings. She thanked all the teams again, noting the efficient and thoughtful responses made by MCC administration as the pandemic happened and continued.

Agenda Item 4—Report Agenda

Agenda Item 4a—Ex Officio Board Members’ Reports

• Student Ex Officio Report

Monahan called on Ouedraogo to report. Ouedraogo reviewed her written report, highlighting the participation of MCC students in the MCC Spring Student Leadership Series. She said her favorite part was the interaction with other students.

Ouedraogo referenced the virtual meeting of MCC’s Beta Pi Beta Chapter of the International Phi Theta Kappa (PTK) honor society and the annual induction ceremony. There were 340 new PTK members at MCC in 2020 with 140 students joining in 2021.

Feichtinger asked about qualifications to join the honor society. Ouedraogo said students must have a 3.5 grade point average and take a minimum 12 credit hours.
Faculty Ex Officio Report

Monahan called on Baker to report. Baker gave an overview of the virtual Nebraska SkillsUSA competition, highlighting the faculty who served as advisors and went the extra mile to assist students who wanted to compete in the unusual pandemic environment. MCC students participated in welding, electrical construction wiring, digital cinema production, and collision damage appraisal events.

In Nebraska, five community colleges participated this year. MCC students earned a total of 20 medals, more than any other College. Medals included 13 gold, 6 silver, and 1 bronze.

Nineteen MCC students plan to participate in the virtual National Leadership and Skills Conference Competitions in June 2021. There will be some local hands-on elements for select competitions.

Gottschall asked where the competition is held when in-person and about the equipment used. Baker noted there is a bid process and the location is expected to be Grand Island for the next few years. Baker explained that hand-held equipment is usually taken by the individual students. Large equipment is most often industry-standard equipment. MCC is proud that our students train on industry-standard equipment, so students who compete are familiar with the equipment provided.

Agenda Item 4b—Chair of the Board’s Report

Monahan remarked on the in-person graduation ceremony for 2020 and 2021 graduates. She noted how excited the graduates were and how safely the two ceremonies were managed on May 14.

Agenda Item 4c—Board Members’ Reports

McDermitt echoed Monahan’s comments on graduation and the safety precautions.

Agenda Item 4d—President’s Report

Schmailzl reviewed his written report.

• Legislative Update

The session is moving toward a recess, after which they will return to finalize pending census-related matters. LB529 did not pass, but LB528 safeguarded MCC’s GAP program for non-credit students. The $3 million dollars are in place through the 2023-24 school year.

Administration and legal will be reviewing other bills regarding Open Meetings and other notifications concerning transparency with budgets for political subdivisions.
**COVID Relief Fund**

Schmailzl reviewed the federal COVID relief legislation, which provides extra funding for student aid and institutional recovery. The state of Nebraska will receive over $1 billion in COVID relief. MCC’s first federal allocation is fully expended and administration is working on dispersing the second round of funding. A portion of these dollars will be allocated to the cost-free courses for high school students this summer. As of this date, the program has over 800 registrants with a donor covering their supplies and equipment. The College expects 1,100-1,200 high school-aged students by summer’s end.

An administrative team is reviewing federal guidelines for the second round of funding and have developed five categories for dispersing the remaining funds. These are: 1) educational innovations, 2) technology and virtual presence, 3) workforce training, 4) summer programs for K-adult learners, and 5) holistic student retention services. These categories have been designed to engage or re-engage students on the path to completion and post-pandemic recovery.

**Agenda Item 4e—Regular Reports—Randy Schmailzl**

Schmailzl noted the College administration is working with Metropolitan Utilities District for an easement for a new water line at Elkhorn Valley Campus and the bill for the water leak discovered at the Fort Omaha Campus.

**Agenda Item 4f—Annual Sustainability Report – Sally Hopley, Coordinator of Sustainability Practices**

Hopley presented an overview of the creation and outcomes of the MCC 2021-26 Sustainability Master Plan. The Plan supports the Board Policy on Environmental Sustainability, builds on previous successes, organizes and prioritizes MCC’s sustainability efforts, and aligns with the highest levels of sustainability guidance.

She shared the process which included an engagement survey, setting a vision, goal setting and strategic direction, and a plan for implementation.

The engagement survey revealed that employees believe it is important for MCC to take active steps to be more sustainable.

Sustainability Goals that will guide sustainability work in the coming years include:

1. Academic goals – increase sustainability learning in the classroom
2. Campus engagement – increase sustainability outreach and activities for employees and students
3. Diversity and equity – increase support for underrepresented students and employees in diversity and inclusion training
4. Energy efficiency and greenhouse gases – improve energy efficiency and reduce greenhouse gases
5. Grounds – develop and use a plan for sustainable landscaping practices
6. Transportation goals – will be reviewed in the fall of 2021
7. Waste and recycling – increase the recycling rate to 30%

Hopley explained that MCC uses measurements set forth by the Sustainability Tracking, Assessment, and Rating System (STARS) used for higher education, to guide and track our progress.

Feichtinger asked how sustainability looks in the classroom. Hopley shared an example from a geography class, where the importance of resources would be discussed and ecosystem services might be covered in a business course. In regards to trades programs, Hopley referenced the collaborative effort with the MCC and the University of Nebraska Omaha in building a sustainable tiny house.

BE IT RESOLVED, that for the 2021-22 insurance plan year, the Board of Governors approves the
continuation of Educator’s Health Alliance (EHA) Blue Cross/Blue Shield of Nebraska as the College’s
designated health plan. As a result of the EHA premium rates remaining unchanged for the 2021-22 plan

cost for employee only coverage, and 80% of the premium cost for the other multi-party plans for full-time
employees enrolled in the plan. This does not include the ACF bargaining unit. The ACF health and dental
insurance plan, and College contributions, are detailed in its collective bargaining agreement (CBA) that
was approved by this Board in April, 2021.

- $ 9,036.48 (or 100%) of the premium cost – employee only
- $13,373.76 (or 80%) of the premium cost – employee plus child(ren)
- $15,181.06 (or 80%) of the premium cost – employee plus spouse

the College’s designated health plan, with the terms described above, to the collective bargaining
groups that are currently covered by the designated College plan.

Agenda Item 7f—Consideration of Resolution Approving Actions Relating to the 2021 Redistricting Process for the Metropolitan Community College Area, Board Doc. 7747
WHEREAS, the Board of Governors is required by law to establish new election districts for The Metropolitan Community College Area after release of the 2020 federal census data to the states and after the passage and approval of the legislative bill providing for reestablishing the legislative districts;

WHEREAS, it is anticipated that the 2020 federal census data will not be released to the states until approximately August or September 2021; and,

WHEREAS, in order to be prepared to complete the redistricting process for The Metropolitan Community College Area in a timely manner after the release of the 2020 federal census data to the states, the Board of Governors desires to (a) authorize the President of the College to enter into a contract with the Metropolitan Area Planning Agency ("MAPA") for the provision of services by MAPA to the Board of Governors to assist the Board with the process of drawing new election districts for The Metropolitan Community College Area, and (b) adopt criteria for the Board to follow in drawing new election districts for The Metropolitan Community College Area.

NOW, THEREFORE, BE IT RESOLVED by the Board of Governors of The Metropolitan Community College Area, as follows:

1. The President of the College is hereby authorized, for and on behalf of the Board of Governors, to enter into a contract with the Metropolitan Area Planning Agency ("MAPA") for the provision of services to the Board of Governors for assistance with the process of drawing new election districts, as legally required, for The Metropolitan Community College Area.

2. The Board of Governors hereby approve the following criteria to be followed in drawing new election districts for The Metropolitan Community College Area after the release of the 2020 federal census data to the states:

   i. The five districts should be “as nearly equal in population “as is practicable” and “substantially equal in population as determined by the most recent decennial census.” The population deviation among the new districts should be 5% or less.

   ii. As nearly as possible, precinct lines created by the election commissioner(s)/county clerk(s) must be followed.

   iii. Current Board members’ residences should be within those Board members’ redrawn districts if at all possible.

   iv. Representation of minorities on the Board should not be negatively impacted unnecessarily.

   v. County lines should be followed whenever feasible.

   vi. The cities of Bellevue, Papillion, La Vista, Gretna and Springfield should be retained together in the Sarpy County district if at all possible.

MOTION: Hug moved to approve Agenda Item 7f; McDermitt seconded the motion.

Monahan noted that the guidelines in the resolution may be amended, if desired, at a later date. Uhe asked if MAPA was aware that MCC wanted to work with them, noting concern about the shortened timeline, due to the Census numbers being delayed. Schmailzl stated he and Dave Hohman, Legal Counsel to the Board, have discussed the contract with MAPA and they are prepared to sign it.
Uhe noted that once the census numbers are final, there may be a reason to revisit the criteria.

Schmailzl stated the Board will have the opportunity review the district maps that MAPA presents. Hohman confirmed that the Nebraska Legislature has passed the timelines for redistricting.

**Agenda Item 7g—Consideration of Resolution Accepting the Bid for La Vista Public Library / Metropolitan Community College Sarpy Center Roof Replacement, Board Doc. 7748**

BE IT RESOLVED, that the Board of Governors of the Metropolitan Community College Area hereby accepts the bid from Boone Brothers Roofing for the La Vista Public Library/Metropolitan Community College Sarpy Center roof replacement, and authorizes the President to negotiate, sign and implement such agreement with Boone Brothers Roofing, in an amount not to exceed $318,090 plus associated fees, as the President in consultation with College legal counsel may deem appropriate and in the best interests of the College.

**MOTION**: Reinhardt moved to approve Agenda Item 7g; Monahan seconded the motion.

Gotschall asked about the selection process, specifically about Boone Brothers Roofing. Schmailzl noted that they installed the current roof, kept up on warranty repair, and have provided satisfactory work. Gotschall also asked about the wide discrepancy between the bids.

Schmailzl explained the College uses a closed bid process to get good prices and responsible bidding. He noted that contractors for this bid had to have approval to do Firestone warranty work to be approved for this particular roofing bid. A 5%, 10%, or 15% contingency is typically built into these bids, to allow for possible change orders.

Roll call for Agenda Item 7g:
Motion carried.
