

60702 Reduction in Administrative and Support Staff

It shall be the policy of the College to endeavor to provide ongoing employment for employees consistent with the needs and financial resources of the College. When the interests of the College are best served by a reduction in the number of its employees, the procedures utilized will be based upon criteria that will best serve the interest and educational needs of the College, and shall be in compliance with any applicable federal and state laws.

The President shall develop and disseminate procedures for reduction in staff.
