In order to enhance the safety and security of individuals and property upon and around College campuses and other facilities owned or used by the College, the College President is authorized, within the limits of the approved College budget and on behalf of the Board of Governors and The Metropolitan Community College Area, (1) to employ non-sworn security officers and personnel, and (2) to establish and maintain a sworn law enforcement agency and to employ sworn law enforcement officers and personnel to serve within such agency. Any such sworn law enforcement agency shall be established and maintained pursuant to and in compliance with all applicable requirements of law.

Before any such sworn law enforcement agency becomes operational, the Director of the College's Department of Public Safety shall develop a complete manual of Standard Operating Procedures, which shall contain such procedures for the administration and operation of such law enforcement agency as may be approved or directed by the College President or his/her designee. Such manual of Standard Operating Procedures shall be revised, supplemented, and amended from time as may be approved or directed by the College President or his/her designee.

The authority and jurisdiction of College security personnel and College sworn law enforcement personnel shall be limited to College campuses and other facilities owned or used by the College. Such personnel additionally may engage in activities off of College campuses and other facilities owned or used by the College that are auxiliary or incident to their duties and responsibilities on College campuses and other facilities owned or used by the College.
