Looking forward to MCC’s annual budget process, we will center our attention to resource allocation plans that align with the FY 2021-22 Mission Achievement Plan (MAP) as we move into a year of recovery from the uncertainty and disruption of FY 2020-21.

Recovery is defined as the regaining or returning of something. Last year we worked diligently transitioning to a place of safety for students, faculty, and staff, while discovering newly found ways to serve our students and the community. This coming year is a time for regaining or returning to a physical state of safety for all, and our focus will remain on service and students, applying what we have learned from the past year.

The 2021-22 MAP continues to be simple and straightforward to align our strategic energies on students and basic college operations, while focusing on the following three College priorities for the next fiscal year:

- Priority 1: Adapt academic paradigm to new reality
- Priority 2: Create fluid pathways for operations and service
- Priority 3: Strengthen basic college operations

Each of these College priorities has identified objectives which should guide your budget development; use the complete MAP document as you plan the next phase of service to students. Specifically, think about Objective 3F, *expend COVID relief funds in an impactful way for students*. As you complete your budget input, make sure to use the activity field on the request screen if you feel an item may be covered by COVID (HEERF) funds.

Our resources will again need to be carefully allocated, so we will continue to have an extra emphasis on making sure cost center goals and the need for budget requests are properly based on the College priorities and objectives. Your area leadership or supervisor will provide further guidance to help align cost center plans and budget with the MAP.

*Please make this an inclusive process by ensuring that everyone you represent has quality opportunities to understand and participate in development of their cost center summary goals and budget requests. It is the quality of our collective efforts that will determine MCC’s ability to achieve “great” outcomes.*

Other introductory budget development guidance will be provided by the Business Office. The due date for initial completion of cost center summaries and input of budget requests is May 7th. The cost center summary and budget system (CollegeSuite) will function basically the same as last year and should now be accessible remotely. If you have system questions or feedback, please contact Pauline Laughlin or Brenda Schumacher.
As was shared in the FY 2021-22 Message to Cost Center Managers, there will continue to be an extra emphasis this budget cycle on making sure cost center goals and the need for budget requests are properly based on the College Priorities and Objectives. As your goals and budget input are reviewed, common underlying questions will be, “How will what you are doing or plan to do help the College impact safety, enrollment and educational completion in a way that best serves our four counties?”

The budget, besides estimating revenues and expenditures, provides a responsible level of contingency protection and flexibility. Note that budget is simply an initial resource allocation plan. Just because a request makes it into the College’s adopted budget does not guarantee the actual request for funds will be approved. Resource planning and utilization decisions are made based on what best serves the College’s mission in light of current circumstances.

See the Budget Development Guidelines for basic budget input instructions and related information. The link to these guidelines and to the budget system can be found on the [Budget Development](#) page.

Also Note:

**Budget Calendar**
Initial budget input deadline is May 7th. The Budget Calendar follows this document.

**MCC’s Mission Achievement Plan (MAP) priorities**
See [MCC’s FY 2021-22 MAP](#) document for “Plan” Priorities. Each of these Priorities has at least one Objective. Any budget request that is directly related to an Objective should be connected to that Objective by selecting the related Objective number/letter in the budget system Initiative field when inputting the request.

**Cost Center Summary**
A Cost Center Summary should be completed for each General Fund cost center. Information in the header is automatically filled and information in Primary Functions of the Cost Center has been rolled from FY 2020-21. Primary functions should be updated as necessary and the sections related to goals, variances and staffing needs should be completed.

**“Need” Priority**
It is important to understand the difference between “Need” priorities versus “Plan” Priorities. “Need” priority is the assigned “need” of each of your budget requests which you select from a dropdown in the priority field when inputting each request in the budget system. This “need” priority should be based on how important and certain this resource need is given MCC’s MAP and your related cost center goals. If you assign an “A” priority to a budget request, be ready to explain why it is a “must have” item.
It is helpful for planning and awareness purposes if you input contingency ('must have if' use "AC"; ‘should have if’ use “BC”) and lower priority (‘should have’ use “B”; ‘nice to have’ use “C”) requests.

**Activity Dropdown**
As you are thinking about various budget requests, consider if you believe that Federal COVID (HEERF) funds could be used for this request. If so, select COVID related from the activity dropdown box.

**New Full-time and Part-time Regular Personnel Requests**
All requested positions require thorough justification when submitted. Note that these requests are not funded in the budget until the President approves inclusion for budget purposes (would still need actual approval when the position is requisitioned). Please do not budget for “standard” furniture, equipment or software needs of requested positions.

**Part-Time Temporary Employees (PTT) and Employee Overtime**
Requests for PTT funding requires an individual budget request line for each PTT position, with the HR# or NEW noted in the description field preceding the position title (each existing position must have a Part-Time Temporary Request To Hire Form on file with HR). HR is doing a review of PTT positions and given the impact of working remote, expect more guidance soon. Requests for overtime monies will be closely reviewed, so provide reasonably detailed descriptions and comments to help justify your need.

**Part-Time Credit and Non-Credit Instruction**
Part-time credit and non-credit instruction budget requests should be based on current year actual expenditures appropriately adjusted for the anticipated impact of distancing, planned changes in course sections/delivery and changes in full-time faculty.

**Non-Teaching Instructor Cost**
For the first time, this should be budgeted for in the appropriate object code. More guidance on this will be provided soon.

**Advertising and Printing/Publishing**
With few exceptions, advertising (5210) and printing/publishing (5280) needs should be discussed with Public Affairs to establish a plan and budget estimates. Remember, advertising includes sponsorships, tradeshow/event booth rentals and swag (giveaway) items in addition to traditional advertising (print, TV, radio, online).

**Copier Costs**
In most cases, cost center managers should budget two cents per copy in object code 5275 – R&M Copier Equipment. This per copy charge covers everything except paper.
Software and Web Processing Services
Requests for software and web processing services in object code 5297 (note that object code 5298 is no longer used) will be reviewed by the Software Review Group, so provide reasonably detailed descriptions and comments to help justify need.

Equipment
All equipment requests (for budget, always use object code 5500) will be reviewed by the Equipment Budget Focus Group and any PC related items will also be reviewed by the PC Matching Group, so provide reasonably detailed descriptions and comments to help justify your need. Please do not budget for “standard” furniture and equipment (e.g. desk, chair, PC) for replacement or new personnel, as this is coordinated college-wide.

Facility Needs
If you are making a budget request that will require facility or infrastructure work, make sure you forward the appropriate work order/request form to Facilities and note this in your budget request.

Included below are additional points to consider before entering budget requests:
- Your 2020-21 General Fund budget requests, except for equipment, have been “rolled over” into 2021-22.
- When entering descriptions and comments, make sure your statements are brief yet clearly explain the item requested.
- A list of object codes with descriptions is provided in the Budget Development Guidelines appendix.
- The PC Matching Group continues to identify and request normal replacements/upgrades for all PCs, so you should only make a budget request for a PC when you have a special operational need (you have higher needs due to special software requirements or the nature of your work). This group will also review all PC related printer and equipment requests.

### Mission: MCC delivers relevant, student-centered education to a diverse community of learners.

#### PRIORITY 1: ADAPT ACADEMIC PARADIGM TO NEW REALITY

1A. **Objective:** Embed Path Forward recommendations into standard operations
   - Clarify educational focus areas for inclusion in 2022 catalog
   - Strengthen education and career planning for undecided students
   - Reduce need for developmental education by increasing supplemental supports
   - Finalize assessment academy project in conjunction with HLC accreditation
   - Design clear paths to and through programs

1B. **Objective:** Design and expand flexible learning opportunities
   - Expand competency-based education practices, especially in Career and Technical Education program areas
   - Analyze and scale up high-impact student success practices such as I-Best and First-Year Experience
   - Expand scope and delivery of learning opportunities for students of high school age

#### PRIORITY 2: CREATE FLUID PATHWAYS FOR OPERATIONS AND SERVICE

2A. **Objective:** Increase virtual capabilities for education and service
   - Build high quality, responsive virtual service system to meet needs of on-campus and online learners
   - Examine position descriptions and HR systems for viability of remote work flexibilities
   - Maintain and extend sustainable practices, including paperless workflows and virtual meetings

2B. **Objective:** Enhance partnerships with business, industry and community
   - Expand community and workforce programming through MCC Express sites and centers
   - Expand development of transfer and career partnerships through the Greater Omaha Success Network
   - Expand holistic student support systems through community partnerships

#### PRIORITY 3: STRENGTHEN COLLEGE OPERATIONS

3A. **Objective:** Develop and execute a strategic enrollment management strategy
   - Increase the number of prospective students who move from interest to enrollment with high satisfaction
   - Track and report retention in actionable ways
   - Broaden student intake approaches to connect prospective students with full range of MCC services

3B. **Objective:** Examine effectiveness of communications and business processes
   - Identify, evaluate and streamline all student-facing communications
   - Overhaul intranet to enable effective internal communications
   - Map and analyze current workflows and business processes
   - Improve external communications to better serve community audiences

3C. **Objective:** Cultivate a culture of equity and inclusion
   - Conduct equity audits across college service areas
   - Increase institutional understanding of equity and inclusion
   - Enhance resources to ensure equitable student access and outcomes
   - Cultivate systems to foster a sense of belonging for all students, staff and faculty of color

3D. **Objective:** Invest in human capacity
   - Expand faculty and staff development systems to improve student outcomes

3E. **Objective:** Foster a culture of student success through effective organizational structure
   - Increase opportunities for cross-departmental collaboration

3F. **Objective:** Continue institutional policies that attend to the safety of students and employees and the fiscal health of the College
   - Expend COVID relief funds in an impactful way for students
   - Review in detail all new and vacant positions prior to listing and hiring
   - Suspend international travel in 2021-22 and limit all other travel to what is essential
   - Complete South Omaha Expansion project and associated ATC moves
   - Continue Fort Omaha Backfill project and implementation of community responsive sites
   - Launch Sarpy County vision and planning
The MCC Budget input screens are located on the Internet.

General Navigation Instructions

The following are general tips and techniques you may find useful to navigate within the budget screens. Refer to these when you need assistance.

1. To return to the Main Menu:
   a. Click **File** and **Close** located on the Title Bar.

   ![File and Close](image)

2. Check to see if a printer is detected by the system:
   a. On the Menu Bar, click on **File** and **Print** …

   ![Printer detected](image)

   b. If there is no printer listed, double-click on **Add Printer** to add a network printer.
   c. Follow the Wizard steps.

   ❖ If you need assistance with the printer, call the Help Desk.

   ![You must use a network printer](image)
3. Expand/collapse items:
   a. Click on the + to expand an item.
   b. Click on the - to collapse an item.
   -or-
   c. Click on **Expand/Collapse** and **Expand all** (all items will be expanded).

4. Delete a row of information:
   a. Click on the + to expand an item and press **Delete**.

- Enter the room number (if applicable)

Click **Update**.
Personnel Requests

Requests for New Regular Full-time or Part-time Regular Personnel

The requests for new positions are made through the Organization screen. The Organization screen should only be used for NEW full-time and part-time regular personnel requests.

Supervisors must have completed position descriptions and estimated wage/salary for the position before completing their budget request.

If approved, the supervisor will need to work with HR to officially classify the position.

Input information for new personnel as follows:

1. Click on Organization (located under Personnel Info).
   • This lists all the people who report to the Cost Center Manager.
   • Click on an individual name to see budget information.

2. On the left side of the screen, click on the name to whom the new position will report.
   If the following dialog box appears, click \( \checkmark \), and click on a name on the left side to which the new position will report.

   - Type the new position.
   - Click Insert.

5. On the left side of the screen, click the + to see the new position name.

   - Fill out the form.
   - Click Update.

View information for Personnel as follows:

1. Click on Personnel (located under Personnel)

   - Shows where each position is being funded
Requests for Existing Full-time and Regular Part-time Personnel

**NOTE:** Compensation and fringe benefits are calculated by the Budget Office.

If any of the existing regular full-time or part-time positions in your Cost Center(s) will end or be moved to another Cost Center, location or fund, please forward this information to Gordon Jensen by e-mail.

Pivot Tables

A Pivot Table is an interactive table that you can use to quickly summarize data. You can rotate its rows and columns to see different summaries of the source data, filter the data by displaying different pages, or display the details for areas of interest.

If you are interested in learning how to use pivot tables, training is available. Contact Gordon Jensen 622-2394 or Pauline Laughlin – 622-2403.
Print Reports

*Google Chrome is the preferred browser to run reports.

1. Click on Report Wizard

   ![Diagram of Report Wizard]

   - Click the down arrows to display the lists.
   - Make sure you are on the correct FYE.
   - Choose from the list of Budget Reports.
   - Click, Display Report.

2. The report request screen opens.
3. On the menu bar, click to print.

Object Codes

Descriptive Chart of Object Codes for Expenditures

All object codes which begin with a “5” are used to record expenditures.

**Note:** Personnel Service object codes that are marked with an “*”, are budgeted by the Business Office based on established positions. These marked object codes are referred to as screened objects in the Budget Request System, as cost center managers will not enter budget amounts for these objects.

**Note:** Object codes marked with an “R” are restricted to specific cost centers.

**PERSONNEL SERVICES**

Object codes used to record salary, wage and benefit costs for College Personnel. These object codes are restricted to payments made through the College’s HR/Payroll system.

Interdepartmental Charges

Interdepartmental Charges (also referred to as “charge backs”) are defined as items or services performed by a College department for the benefit of another College department.

Central Stores
Stocks only copier supplies and items printed with the Metropolitan Community College logo (letterhead, miscellaneous College forms, notepads, folders, etc.). Most computer supplies, computer and copier paper, and miscellaneous office supplies should be purchased directly through Office Depot Business Services Division or designated vendors. This includes paper for departmental and shared copy machines and printers. **Cost center managers should build these direct purchases into their budget requests.**

Copier Use
Allocations to each cost center will be based on a "cost per copy" charge of two cents to cover all costs associated with the copier except for paper. If several cost centers utilize the same area copier, each will be charged a percentage of the estimated usage. **Cost center managers, with the help of the Business Office, will need to budget for their copier usage in object code 5275.**

Duplicating Center
There will be a charge for all jobs taken to the Duplicating Center. A Duplicating Request Form is required before any work will be done. Cost centers will be charged appropriately. It is especially important for grants and other special funded projects to go through the Duplicating Center in order to accumulate cost information. An auxiliary cost center was established for the Duplicating Center. Paper supplies and maintenance of the copiers in the Duplicating Center are offset by the charges to cost centers for duplicating jobs. **Cost center managers should build duplicating expense into their budget requests.**

Culinary Services
Procedures are in place for Culinary Services to charge Cost centers for services provided. **Cost center managers should budget for these expenses.**

Graphic Arts
Procedures are in place for Graphic Arts to charge cost centers for services provided. **Cost center managers should budget for these expenses.**

Instructional Design Services
Procedures are in place to charge cost centers for services provided. Cost center managers should budget for these expenses.

Mailroom
Costs are allocated to individual cost centers based upon completed mailing request forms accompanying mailings of over 100 pieces. Cost center managers should budget for these expenses.
Motor Vehicle Pool  

Many college-owned “specific use” vehicles (Public Safety, Central Stores, etc.) will be charged directly to the cost center/area that uses them.

Repair, maintenance, fuel and replacement costs of college-owned “general use” vehicles will be charged to an auxiliary cost center and will be offset by charges to user cost centers at the rate of $0.56 per mile. Cost center managers are responsible for budgeting for this college vehicle use charge.

Grant Charge Backs  

There will be a charge back for new telephone instruments and installation of voice, video, or data cable necessary for setup of grant related projects. The cost of installing voice communications is $600. This cost covers the cost of the telephone instrument and the telephone switch port. A cost is also being assessed for installation of new voice, video and data jacks. The cost per jack (one jack connection is required for device such as a computer, printer, telephone or fax machine) is $110. This figure was derived from costs associated with labor and parts. Cost center managers should budget for these expenses.
