

PROCEDURES MEMORANDUM

TO: MCC Staff

FROM: Office of the President

SUBJECT: Creating and Updating Procedures Memorandums (PMs)

DATE: July 24, 2014

PURPOSE: To establish uniform procedures for creating and modifying PMs.

SCOPE: This procedure applies to all staff and College groups working with PMs.

GENERAL PRINCIPLES:

The College maintains a comprehensive website of official, approved procedures for dealing with such matters as personnel actions, student conduct, business office processes, and emergencies. While many staff and the College's legal counsel may be involved in drafting and/or updating a document, the procedures should maintain a consistent style and tone.

1. Creating or Updating a PM

- A. The President approves creation of new PM or the revision of an old PM.
- B. The PM is drafted using the format outlined below in section 2.
- C. The formal draft of the PM is completed and forwarded to the President for review.
- D. The President's office assigns a new PM number when needed and forwards the approved final draft to the College's General Counsel for review when appropriate.
- E. If minimal, non-substantive changes are made to the PM by legal counsel, the changes are made and the PM is finalized.
- F. If legal counsel makes substantive changes, the PM is returned to the President (with the suggested changes) for further review and comment. If required, the initiator and College counsel will discuss counsel's recommended changes and reach a consensus.
- G. Once approved by the President, the final version of the PM is posted at [www.mccneb.edu/procedures](http://www.mccneb.edu/procedures) and the Table of Contents is updated.
- H. Hard copies of all PMs are kept in the President's office.
