2. Annual Notification

The College shall annually inform students of their rights under the Family Educational Rights and Privacy Act of 1974, as amended. This Act was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the U.S. Department of Education concerning alleged failures by the institution in complying with the provisions of the Act.

3. Statement of Rights

A. The College encourages students to exercise their rights under FERPA and this procedures memorandum. Since a student's education records will be used repeatedly by College officials and others to make important decisions affecting the student's academic program and future career, the student should assume a personal responsibility to make certain that his or her education records are complete and accurate. This procedures memorandum is intended to inform students about their rights to:

- 1) inspect their educational records;
- 2) have the right to a hearing to challenge the content of their educational records if he or she believes that they contain information that is inaccurate or misleading;
- 3) limit disclosure of information from their records to those who have their written consent or to officials specifically permitted within the law, such as College officials and, under certain conditions, local, state and federal officials;

- 4) report violations of FERPA to the U. S. Department of Education;
 - 5) be informed about their FERPA rights.
- B. The College has authorized the President to utilize the administrative resources of the College to carry out these procedures. Students who have problems or questions relating to these procedures should contact the Records Office.
- C. These procedures apply only to education records as defined in these procedures and the Act, and do not extend to the process of assignment of grades. Procedures for appealing grades have been established in the College catalog.

5. Procedure to Inspect Education Records

- A. The College encourages students to inspect and review their education records. Students should submit written requests to review their records to the Records Office and identify the record(s) they wish to inspect. Staff shall make arrangements for access to the records and notify the student of the time and place where the records may be inspected. If the requested record(s) are not maintained in the Records Office, students will be notified of the correct official to whom the request should be addressed.
- B. If it is mutually convenient, the record custodian will allow the student to inspect the record(s) at once. In other instances, the official responsible for responding to the request will discuss possible arrangements for the inspection with the student. This discussion will deal with such items as location, time, records security, and whether the student will need a resource person to explain and interpret certain records.
- C. The record custodian will make the needed arrangements and advise the student when

and where the records will be available. The procedure will be completed within a reasonable period of time and in all cases the student will be permitted to inspect the records within forty-five (45) calendar days after the date the student's request is received.

D. Copies of education records shall be provided to students when requested or whenever failure to provide such copies would have the effect of preventing the student from exercising the right to inspect and review the records. The College will not charge a fee to search for or retrieve a student's education records. However, unless imposition of copying charges would effectively prevent the student from inspecting his other education records, the College will charge a fee of five cents per page for photocopying.

E. The College reserves the right to refuse to permit a student to inspect and review the following education records:

- 1) Financial records of the student's parent(s), including any information those records contain;
- 2) Confidential letters and confidential statements of recommendation placed in the student's education records before January 1, 1975, as long as the letters and statements are used only for the purposes for which they were specifically intended;
- 3) Confidential letters and confidential statements of recommendation placed in the student's education records after January 1, 1975, which relate to the student's admission to an educational institution, application for employment, or receipt of an honor or honorary recognition, if the student has voluntarily waived his or her right to inspect and review those records in a signed written document. Where the student has signed such a waiver the College will, on request, provide the student the names of individuals who provided such letters and statements of recommendation, and use such records only for the purpose for which they were intended. Any such waiver by the student may be revoked in writing, but only respecting letters or statements placed in the student's education records after the College's receipt of the revocation of waiver.
- 4) Those records which are excluded from the FERPA definition of Education Records.

6. Outstanding Financial Obligations

A. The College reserves the right to deny a request for an official transcript if the requestor has an unpaid financial obligation to the College.

7. Confidentiality of Student Records

- C. If the Records Office receives a student's request to opt out of directory information the Registrar will mark their records accordingly, and not make any further disclosures of those items of information about that student without the student's prior written consent, except as otherwise permitted or required by these procedures or by FERPA.

9. Use of Student Education Records by College Officials

- H. To an alleged victim of a crime of violence. Under this subparagraph, the disclosure will be limited to the results of any disciplinary proceeding conducted by the College against the alleged perpetrator of that crime with respect to that crime. The term "crime of violence" means (1) an offense that has as an element the use, attempted use, or threatened use of physical force against the person or property of another, or (2) any other offense that is a felony and that, by its nature, involves a substantial risk that physical force against the person or property of another may be used in the course of committing the offense;

The Registrar will approve or disapprove the request and College officials may not make the disclosure unless and until the Registrar approves the request.
- K. The College authorizes its officials to make disclosures from student education records in a health or safety emergency, without the consent of the student, if the official deems:

- M. The College will not release information contained in student's education records to any third parties other than College officials unless those parties agree they will not

redisclose the information without the student's prior written consent. (This requirement will not apply to disclosures made pursuant to court orders or lawfully issued subpoenas, disclosures of directory information, and disclosure to the student.)

11. Form of Student Consent

- A. Where the student's consent to the disclosure of personally identifiable information from the student's education records is required under these procedures, the consent must be in writing and must:
- 1) Specify the records to be disclosed;
 - 2) State the purpose of the disclosure;
 - 3) Identify the person or organization or the class of persons or organizations to whom the disclosure may be made; and
 - 4) State the date of the consent and, if appropriate, the date when the consent is to be terminated.

12. Records of Requests for Access and Disclosures Made From Education Records

- A. The College will maintain a record of each request for access to and each disclosure of personally identifiable information from the records of each student, not including:

- 5) Whether the request was granted and, if it was, the date access was permitted or the disclosure was made.

D. The College will maintain this record of disclosures as long as it maintains the student's education record.

13. Procedures to Seek to Correct Education Records

A. Request for Correction

The College encourages students to periodically inspect and review their education records to make certain that they correctly reflect their academic progress and other achievements. The College permits students to request changes to the content of their education records if the student believes the records are inaccurate, misleading, or otherwise in violation of the privacy or other rights of students.

- 1) For the purpose of outlining the procedure to seek to correct education records, the term "incorrect" will be used to describe a record that is inaccurate, misleading, or in violation of the privacy or other rights of students. Also, in this section, the term "requester" will be used to describe a student or former student who is asking the College to correct a record.
- 2) If a student or former student discovers an incorrect item in his or her education record, he or she should informally discuss the problem with the record custodian. If the custodian finds the record is incorrect because of an obvious error, and it is a simple matter to correct it to the satisfaction of the requester, the custodian may make the change.
- 3) If the custodian denies the request to amend the record to the requester's satisfaction after an informal discussion, or the record does not appear to be obviously incorrect, the custodian will advise the requester of his or her right to make a formal written request to amend the record.

- 4) A written request to amend a record must be filed with the custodian who denied the informal request to amend the record. The written request must specifically identify the item the requester believes is incorrect, state why the requester believes it is incorrect, and be dated and signed by the requester.
- 5) The record custodian will create and maintain a file, which will include the request, the material(s) supporting the custodian's refusal to change the record, and an explanation of their rationale for not amending the record. The file will be sent to the College General Counsel and will be reviewed and discussed by the appropriate College officials, (including the person who initiated the record and legal counsel) and other persons who might have an interest in, or knowledge concerning, the questioned item. At the conclusion of this review, a summary of findings and a recommendation as to the action to be taken by the College will be made and placed in the file, and the file will be delivered to the President or his or her designee.
- 6) The President (or his or her designee) will decide whether the record should or should not be amended in accord with the request. If the decision is to amend the record, the custodian will be directed to make the change. The custodian will advise the requester in writing when he or she has amended the record and shall invite the requester to inspect the corrected record.
- 7) If the decision of the President (or his or her designee) is that the record is correct and should not be amended, the requester will be sent a letter stating the decision. The letter will also inform the requester that:
 - a) The College will provide an opportunity for a hearing for the requester to present evidence that the record is incorrect.
 - b) The requester may be represented or assisted in the hearing by other parties, including an attorney, at the requester's expense.
 - c) If the requester would like a hearing he or she should contact the office of the College General Counsel to discuss such details as appointment of a hearing officer, time and place for the hearing, and the time needed to present evidence. (The College will not be bound by the requester's wishes in these matters but, may take them into consideration when scheduling the hearing.)

B. The Hearing

The President will be advised that the requester has asked for a hearing and will appoint a hearing officer, set a time and place for the hearing, and notify the requester of the arrangements.

- 1) At the hearing, the requester will be allowed a full and fair opportunity to present evidence and testimony to support his or her belief that the challenged material

in his or her education record is incorrect. The Requester and the College shall each have the right to present and to challenge evidence and cross-examine witnesses. The hearing shall be conducted informally. Formal rules of evidence shall not apply, but the hearing officer shall, have discretion to exclude evidence deemed repetitious or cumulative or irrelevant.

- 2) Within ten (10) College business days after the hearing, the hearing officer will prepare a summary of the evidence presented at the hearing and make a recommendation, based solely on the evidence presented at the hearing, concerning the request to amend the record. The hearing officer will present the summary of the evidence and the recommendation to the President.

C. Post Hearing Decision

- 1) If the President's final decision is that the College should amend the student's record, the record custodian will be directed to make the change. The requester will be advised in writing, outlining the exact amendments which the custodian will make.
- 2) If the President decides that the College will not amend the record, a written notice will be sent to the requester including the following items:
 - a) The President's decision not to amend the record;
 - b) A copy of the summary of the evidence presented at the hearing and a written statement of the reasons for the President's decision; and,
 - c) Advice to the requester that he or she may place a statement in the record commenting on the contested information in the record or stating why he/she disagrees with the President's decision, or both.

D. Final Administrative Step

When the College receives an explanatory statement from a requester after a hearing, it will maintain the statement as part of the student's education record as long as it maintains the questioned part of the record. Whenever the questioned part of the record is disclosed, the explanatory statement will also be disclosed.
