

2021 - 2022 Catalog Addendums

While every possible step has been taken to ensure the accuracy of the catalog, sometimes minor changes must be made throughout the year that are in the interest of the students or the College. The following are updates and changes made after the initial publication on May 3, 2021. These changes are reflected in the online version of the catalog but will not be reflected in the print version and are considered an addendum to the 2021-2022 catalog.

Course Changes

8/9/2021 - To correct an input error, INFO 1009 has been removed as a prerequisite and INFO 1003 has been added in the following courses:
