4	When I started the Human Service program (again) I was happy to see how close I was to graduation. It made me determined to complete program and continue with undergraduates degree.	3/9/2015 4:41 PM
5	I loved my experience at Metro! I actually miss it a lot! I loved the teachers who helped me get to where I am today. I can honestly say I have learning more through Metro than I have at my current 4 year college. The experience of Metro was also more enjoyable than Bellevue has been. My favorite class I think was abnormal pyc. I took with Mr. Rush online. This class is what really made it clear to me that I wanted to be in this field to learn more. I also really liked Group Counseling. Even though my teacher was hard she taught me a lot. Because of this class I volunteer to help facilitate groups at the shelter when I have a chance.	3/9/2015 4:33 PM
6	Cant remember the name - but the best instructor is "Mr Rush" - he helped me soooooo....much!!	3/9/2015 4:25 PM

11	Learning under awesome teachers, Mr. Duncan and Dr. Dresser stood out the most to me.	3/9/2015 3:35 PM
12	I look back at the variety of instructors as a process in learning. If a student (at least for me) has only one style instruction if they become complacent, knowing and expecting only one style of work. Strict instructors, easy instructors, friendly instructors, ghost instructors (barely around), almost impossible to understand	3/9/2015 3:31 PM
13	Mr Rush and Mr Dresser both have had a major influence on my desire to obtain the necessary degrees in order to obtain my PLMHP. Both instructors are very supportive and encouraging and have a great knowledge of the field.	3/9/2015 3:22 PM

16	Dr. Dresser's classes This program and the majority of the instructors have changed my life. I am eternally grateful for the experience and knowledge I gained from attending. Thank you all!!! :)	3/9/2015 12:24 PM
17	I felt I learned more and was better prepared to attend UNO after graduation. The curriculum offered classes that were more in-depth than some classes at UNO.	3/9/2015 12:05 PM

21	<p>Because of the Human Services Program and Practicums I was given the opportunity to become an Americorp member. It was the best experience and opportunity to continue working in the Human Service field and to learn the many areas the field has to offer. Because of my experience, I received the best learning and that was hands on. I got to watch many women overcome the many barriers and crisis situations that brought them to the agency. Because of the training I received at MCC with the awesome faculty, I use that in my everyday activities at work. Thank you for teaching me the importance of self-care and boundary setting. I am also thankful I took the CD classes for my certificate with Mr. Rush. I now understand and use the information give in my field. I also appreciate Community Resources taught by Mrs. Naumann. Thank you</p>	3/9/2015 11:41 AM
22	<p>A class that I took regarding advanced counseling skills. That class gave me a better direction of what field that I wanted to go in. This was a very helpful class. It was real.</p>	1/28/2015 5:59 PM
