

Transfer Guide: MCC Nursing – Associate Degree (ASNAS) to University of Nebraska Medical Center Bachelor of Science in Nursing (2023-24)

The associate degree nurse has both dependent and independent functions within a variety of healthcare environments throughout the community. This member of the healthcare team selects from a variety of therapeutic nursing interventions to provide care for clients. Graduates of this program are eligible to write for the National Licensure Examination (NCLEX-RN) for licensure as a registered nurse.

MCC's Associate in Science in Nursing (ASNAS) program has special admission requirements. For further information, contact an MCC Students Services office or visit <https://mccneb.edu/healthcareers>. This program is approved by the Nebraska Board of Nursing and is accredited by the National League for Accrediting Commission.

Every effort has been made to provide accurate information on suggested courses; however, it is the student's responsibility to consult with the institution they are planning to transfer to ensure courses fit into their intended plan of study. For additional information, please contact the MCC Transfer Center.
