

## 2023-24 MCC to UNO Transfer Guide

### MCC Computer Technology Transfer – Management Information Systems (CTMAS) to UNO Bachelor of Science in Management Information Systems

This pathway is designed to help students earning an Associate of Science degree in Management Information Systems (CTMAS) at MCC to transfer into the College of Information Science & Technology at University of Nebraska Omaha. Students who follow this pathway are positioned to complete a Bachelor of Science degree in Management Information Systems in two years (four full-time semesters).

Some guidelines for this pathway:

- Students who follow this pathway will transfer a total of 92-quarter credit hours, which is equivalent to 61.3 semester credit hours at UNO.
- Students making satisfactory progress after transferring, and who follow their course plan, can graduate in two years at UNO.
- Those who transfer before completing courses or requirements in this pathway may be able to complete courses after transferring and stay on track. Consult a UNO advisor for guidance.

General Transfer Policies:

- Per UNO's Catalog and University Transfer Credit Policy, sixty-four (64) semester credit hours, which equates to 96 quarter hours, is the maximum for transfer to most undergraduate UNO colleges from regionally accredited two-year colleges.
  - 4.5 quarter credits transfer as 3 semester credit hours; 6 quarter credits transfer as 4 semester credit hours.
- Students must complete a minimum of 120 semester credit hours to earn a bachelor's degree from UNO.
- MCC Courses must have grades of C or better to transfer.
- MCC Courses with numbers below 1000 will not transfer.
- Students should work with their advisor when selecting courses for the CTMAS. This guide offers recommendations for transferable courses and is not intended to be a substitute for advising at MCC.
